**“What Stands Out For Me At Frank’s Is
The Customer Service!”**

William Brenner

What stands out for me at Frank’s is the customer service. Even though I could go online and buy a product very easily, it’s nice to have a personal transaction. It’s the experience and a feeling that I’m staying in-touch with the local scene. Frank always knows what’s going on locally with the running community.

I always buy my boots for work with Frank. He knows what I like, he does the ordering, and he gives me a good price. I especially love a free cup of coffee at Frank’s Too!
